 - c. Exceptions
 - i. 30-39 players are allowed to participate in both categories of their classification as long as their combined applicable published rating does not exceed 50 points from baseline.
 - ii. 40-49 players are allowed to participate in both categories of their classification as long as their combined applicable published rating does not exceed 75 points from baseline.
 - iii. 50 and above players are allowed to participate in one category lower than their classification as long as their combined rating does not exceed 100 points from baseline.
 - iv. The same pair of players are allowed to play in 1-2 classifications higher than their rating. Consequently, TORA points gained are classification specific. Those who play in higher levels will ONLY earn points for that specific level and will not be directly reflected in their UPR. A special calculation is carried out to determine the weight of the gained TORA points for inclusion in their UPR.
